

# Endeavour Scholarships and Fellowships

## Overview

The Commonwealth Government's Endeavour Scholarships and Fellowships program provides funding for:

- Australian research students and postdocs to study overseas
- Overseas research students and postdocs to study in Australia

## Details

- Scholarships/fellowships are fully funded including tuition fees and living allowance
- Australian Masters, PhD students and Postdocs studying overseas:
  - Fellowships: short term research (4-6 months), valued at up to \$24,500
  - Scholarships: 6-12 months overseas research plus 6-12 months optional internship, valued at up to \$69,500
- International students studying in Australia:
  - Fellowships: short term research (4-6 months), valued at up to \$24,500
  - Scholarships: Full PhD or Masters scholarships, valued at up to \$272,500
- Applications are made direct to the Commonwealth, deadline June 30, 2015

## Opportunity for University of Adelaide researchers

Support international relationships and strengthen collaborations by:

- Hosting research students/postdocs from partners' labs/projects
- Involving Adelaide research students in international research projects

**Researchers/supervisors are encouraged to highlight this opportunity to international partners and research students/postdocs in Adelaide.**

The Endeavour program also includes specific funding streams for Indigenous Australians and a non-research stream, the Endeavour Executive Fellowships.

More information and guidelines are available at the [Endeavour Scholarships website](#):
